WILLIMANTIC BUILDING LOT FRAUD.

"Lucky" Holders of Theater Awards Find They Have Received Lemons.

A land scheme was successfully worked in Manchester, N. H., by the Metropolitan and Suburban Real Estate Co. of Fifty-fourth street and Thirtieth avenue of Brooklyn, N. Y., until the same was declared a fraud. People attending a summer theater out of the New Hampshire metropolis were led to believe that they had drawn valuable building lots on Long Island.

Two companies have been attempting to build a building in this city; the first was the Manhattan & Suffolk Realty Co., Inc. of 132 Nassau street, New York, who gave away lots to a number here when a stock company was playing a week's engagement at the Loomer Opera house a few weeks ago, and the second when a representative of the Astor Improvement & Development Co. of New York distributed tickets to those in the audience in the parquet at the Burns-Johnson suit pictures at the Loomer Opera house Thursday evening. It was announced that M. H. White had been awarded a building lot.

During the past week a number of fair canvassers have been in town trying to induce those receiving the building lots to purchase a plot on one side or the other of the 25-foot front that each was given free, and also to get them to procure a deed for a sum of \$5. The ordinary cost of a deed is \$1.50. Lyman Maine, Jr., was one of the lucky men to receive a lot. The young ladies tried to hire a reception room at a local hotel, but were turned down. One of them telegraphed home on some other place one day this week for money and it is believed that they did not meet with very ready responses to their whimsical words and ways while in this city. It is said that they left town Friday afternoon on the 4:07 express.

Postmaster Dimmick was seen Friday afternoon regarding any action on the part of the postal authorities concerning the handling of mail to these companies, and he said that he had not received any notification relating to the matter.

Another young man, who did not draw a lot while the stock company was playing in this city, is in receipt of a certificate informing him that he has been given a building lot. He is hanging on to his certificate and also his loose change and does not intend to pay any exorbitant price for a deed or for additional land in the marshes of Long Island.

A despatch from Manchester, N. H., says: Manchester, N. H., Oct. 21.—Manchester people who were made happy during the season through the belief that they had drawn valuable house lots in Long Island and Washington, are full of incidents that appeal to the theater goers who delight in action.

Today's Game.  
Capt. Guy Richmond of the Windham high school football team will try out a strong line-up on the field this afternoon when the Windham team will try out the eleven representing the Nutmeg Social club of this city. Much interest is being taken in the contest, which is being held at the high school grounds.

Doing Good Work.  
Elmer Tremblay of this city, who played on the West End baseball nine the past summer, is a student at St. Cesaire college, Canada, and is making a name for himself in the literary world. In a recent game the college defeated a strong rival team and the work of Tremblay at shortstop was described as a feature of the contest.

Burned by Gasoline.  
Mrs. Louis Palmer of Upper Jackson street with a mishap Friday morning at her home. While doing some cooking over a gasoline stove, the flames suddenly shot up and struck her. She was badly burned on her face and hands, and a quite severe. The blaze was put out before any other damage was done.

Chilly at Camp Ground.  
The hold-over occupants of the cottages at the Willimantic camp ground say the temperature has been quite low mornings. The heavy frost of morning ice formed on water stalls and Wednesday morning the temperature registered as low as 25 degrees above zero.

Death of Infant Son.  
Charles Wallace, the four months old son of Mr. and Mrs. J. D. Thompson, died Friday morning.

ONLY ONE "BROMO QUININE." That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Used the world over to cure a cold in one day. 25c.
